Dean's Award for Academic Excellence
Orange Scholars Winner

EXPERIENCE

Research Assistant
May 2019 - Present
University of Toronto

Examining VR, AR, MR, XR and AI/ML in the lives of youth.

- Synthesized library of over 100+ peer reviewed publications for preliminary literature review.
- Currently discussing a potential focus group study with the Cooney Center (Sesame Workshop).

Taking a human-centered approach to environmental science.

- Managed participant recruitment efforts and received 200+ survey responses within the first month.
- Prepared reports using descriptive statistics and weighted data based on population demographics.
- Mapped psychographic and environmental factors in R to develop a structural equation model.

UX Research & Product Designer
May - Aug 2018
SIËSDE Dispute Resolution Technologies
Exploring legal technologies in the IBM Innovation Space.

- Drafted MVP which reduces disclosure expenses by 86% using collaborative Agile methodology.
- Worked closely with end-users to research and ideate personas, journey maps, and user flows.
- Designed wireframes, mock-ups, and prototypes using Balsamiq, Figma, Sketch, and InVision.
- Used focus groups, A/B tests, heatmaps, and Likert-scale questions (SUS) to evaluate efficacy.
- Arranged findings according to MoSCoW, increasing initial SUS score from 66 to 71 after redesign.

Exec Marketing & Web Officer
Jun 2017 - Sep 2018
UTSC Arts, Culture & Media Student Association
Representing over 1500 ACM students as of 2019 at UofT.

- Applied user-centered design to online presence through CMS administration and web development.
- Managed online content and copywriting to increase session durations and decrease bounce rates.
- Monitored user analytics and implemented SEO principles to increase web traffic by 68% annually.
